

LED WALL PACKS

PRODUCT SHEET

Save time, money and energy with Werker wall packs, exclusive at Batteries Plus Bulbs. These replacements for high intensity discharge fixtures offer myriad benefits including a longer bulb life - up to 50,000 hours - which saves on maintenance costs. They also feature up to 100 lumens of brightness per watt for strong illumination where you need it most. Bulbs are mercury-free and wet location rated for outdoor use. Also, there's no risk of UV or IR radiation. Best of all, lights turn on instantly, with no warm-up time, so you can light your space immediately when you need it.

Impressed? Want to make the switch? We can help. Talk to your experts today.

APPLICATIONS

Security Pathway

Perimeter Entryway

Service Life

Up to 50,000 hour service life. That's 3X the life of an HID.

Low Maintenance

Long life reduces maintenance costs by reducing re-lamping.

Energy Saving

Offers up to 60% energy savings vs. existing HID.

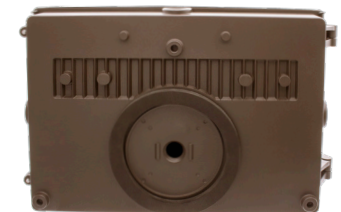

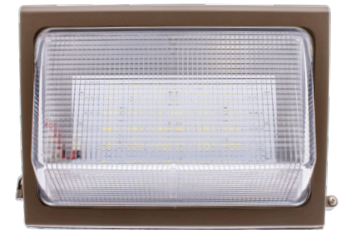

Water Resistant

Sealed die-cast housing approved for use in wet locations.

UV Resistant

Polycarbonate optical lens with UV Stabilizers.
